Michele Bachmann is working hard so Minnesotans can create
More Jobs... Better Jobs.

You're invited to her 2010 Jobs Forum on Monday, May 10.
www.bachmann.house.gov

Congresswoman Michele Bachmann invites you to her 2010 Jobs Forum.

" I'm worried about the economy and the future of our nation too. **That's why I'm working hard so Minnesotans can create more jobs and better jobs.** I hope you can join me at the 2010 Jobs Forum where we'll discuss ideas and solutions to getting Minnesotans back to work. "

— *Congresswoman Michele Bachmann*

Congresswoman Michele Bachmann is working hard to create jobs for Minnesota's 6th District. She knows that the key to getting our economy back on track is NOT more government spending and tax hikes. That's why she supports legislation that gets government off the backs of businesses by cutting taxes so they can grow and hire more workers.

Her **2010 Jobs Forum** is designed to foster discussion on the challenges and successes of creating jobs in this economy. Local business leaders and experts from non-partisan foundations will be on hand to speak with you about how they are working to get Minnesotans back to work.

The **Jobs Forum** is free and open to the public. Written questions and feedback will be welcomed at each forum. County and state employment specialists have been invited to be on-site to provide individual assistance and advice for those seeking employment.

2010 Jobs Forum
Hosted by Congresswoman Michele Bachmann

Monday, May 10
